

FROM THE PRINCIPAL

Dear Parents and Community Members,

Kings Valley Charter School (KVCS) provides a rural, community-based education tailored to the individual needs and interests of each child, emphasizing the involvement of parents and the community.

KVCS does not put much stock in these metrics as a measure of school quality. We encourage parents to study reports on the school website, talk to other parents, visit schools, and discuss details of curriculum and school climate.

KVCS performs adequately and possibly statistically higher in reading and mathematics than other schools in the area. No

changes in curriculum or remediation efforts are planned to increase these test scores.

If you have an interest in or questions for KVCS, please call us at 541-929-2134. We would be happy to share our parent survey comments, both positive and negative. Our school improvement plan may give an indicator of the priorities that KVCS is focused on.

Thank you,

Principal | Mark Hazelton

STUDENTS

OVERALL STATE RATING

HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall state rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. High schools are also rated on the overall graduation rate for the school and the graduation rates of underserved subgroups. Please be aware that this rating is based mainly on high-stakes testing and accordingly, represents a limited view of student performance. Other aspects of this report card are designed to put this rating in the proper context.

Compared to all schools statewide in 2012-13, this school is rated as Level 4.

- Level 1** = Falls into the bottom 5% of schools
- Level 2** = Falls between 5% and 15% of schools
- Level 3** = Falls between 15% and 44% of schools
- Level 4** = Falls between 44% and 90% of schools
- Level 5** = Falls into the top 10% of schools

Compared to high schools with similar student demographics in 2012-13, this school's rating is above average.

- Below average** = Falls into the bottom third of comparison schools
- About average** = Falls into the middle third of comparison schools
- Above average** = Falls into the top third of comparison schools
